ACCESSING COVID-19 TESTING & TREATMENT
Tips For Uninsured and Undocumented Californians

- ✓ COVID-19 testing, examination and treatment count as emergency services and are **FREE of charge under Medi-Cal, regardless of immigration status**.

- ✓ If you are **uninsured, regardless of income or immigration status, you can be covered for COVID-19 testing and treatment services through Medi-Cal.**

- ✓ COVID-19 related testing or treatment under Medi-Cal **does not count under the public charge rule** because it is the treatment of an emergency medical condition.

- ✓ If you are **experiencing symptoms of COVID-19**, like cough or fever, **contact your usual source of care**, like your doctor, local clinic or public health department.

- ✓ **Do not wait to get care**. If you are experiencing shortness of breath and need to go to the hospital, call ahead so they can prepare for your arrival.

- ✓ If you are **currently enrolled in Medi-Cal,** including undocumented Californians, **continue to access your usual source of care**.
