

At Home COVID-19 Testing Kits

COVID-19 Test (At-Home Collection Kit)

- <https://www.pixel.labcorp.com/at-home-test-kits/covid-19-test-home-collection-kit>
- Due to the surge in COVID-19 cases, kits are currently reserved for individuals who are experiencing symptoms, have been exposed to someone with COVID-19, or who have been recommended for testing by a healthcare provider, public health department, or contact investigator.
- **NASAL SWAB**

COVID-19 Test Home Collection Kit (\$109)

- Test for SARS-CoV-2 infection easily without having to visit an in-person test site. Collect your sample at home and ship it free for secure digital results within 24-48 hours of the lab receiving your sample. A telehealth consult is available to guide you through your next steps.

VAULT HEALTH COVID 19 TEST KIT (\$119)

- SALIVA TEST
- Vault Health has teamed up with Infinity BiologiX and Spectrum Solutions to offer saliva testing in your home for the novel coronavirus, SARS-CoV-2, the virus that causes COVID-19.
- <https://www.vaulthealth.com/covid>

FDA authorized home test for SARS-CoV-2. (\$119)

- Our Coronavirus Test (COVID-19) requires a gentle lower nasal swab to be collected by you in the home. The test-kit comes with a UPS next day air return shipping label to send your sample back to our lab. Your sample is analysed in our lab using gold standard RT-PCR/TMA to confirm the presence of SARS-CoV-2, the virus that causes COVID-19. We aim to deliver your result within 24-72 hours of your sample being received in our laboratory.

QuestDirect COVID-19 Active Infection (\$119)

- This anterior nares (nasal) swab collection kit, which is authorized by the FDA under an Emergency Use Authorization (EUA)*, allows you to collect your sample to be tested at our laboratory. This test is used to screen for COVID-19, an illness caused by the coronavirus SARS-CoV-2.
- At-Home Collection: You can collect an upper respiratory nasal sample at home using the collection kit we will send to you. This collection kit will be sent to your home via FedEx® at no additional charge. Detailed instructions on how to collect your sample are included in the collection kit. Also included are a prepaid FedEx overnight shipping label and envelope that you can use to securely ship your sample to our lab for testing.
