ADAPTING AND THRIVING IN THE NEW ERA OF HEALTHCARE

SEPTEMBER 22, 2022

VIRTUAL SYMPOSIUM

PRESENTED BY

Community Health Association
Inland Southern Region

About the Virtual Symposium: Adapting and Thriving in the New Era of Healthcare

The Association's Symposium boasts a full-day of educational sessions focused on challenges and innovations with community-based care. The symposium is geared towards healthcare leaders, healthcare providers, local, state and regional policy makers, and community-based organizations. The setting offers a forum for networking and the sharing of valuable knowledge. This year's topics include: healthcare workforce and retention, APM, current status of infectious disease, emergency management, leadership during difficult times, cultural humility, addressing food insecurity, school-work life balance and a *special focus on burnout and resiliency*.

Thank you to our Platinum Sponsors!
